SUMMARY

Creative Director with 18+ years across in-house, agency and freelance roles in Norway, Australia, Chile and New Zealand. Build creative platforms and lead integrated campaign work across TV, digital and social, balancing strategic clarity with hands-on craft. Strong production capability from concept to shoot, including conceptualizing, storyboarding, on-location filming, and photography/photoshoots. Previous LEGO client experience in Chile (agency-side), supporting digital campaign assets and social/digital rollout. Comfortable working in multicultural, English-first environments and partnering with senior stakeholders, agencies and production teams.

CORE SKILLS

- Creative platforms and integrated campaigns across TV, digital and social
- Concept development, storytelling and craft direction
- Social-first and digital marketing fluency; always-on and campaign rhythms
- Team building and leadership: hiring, coaching and growing multi-disciplinary creatives
- Senior stakeholder communication: clarify decisions, resolve trade-offs, keep standards high
- Production leadership: storyboards, shoot planning, on-location direction, post-production alignment
- Operational design: define production processes, templates and QA to scale output

AI-ENABLED WORKFLOW

- Use generative AI to accelerate ideation, optioning and variant creation while protecting brand standards and craft.
- Apply AI for rapid moodboards, visual references, storyboard exploration and early comp directions (human-led final decisions).
- Create campaign assets and content variations using AI-assisted workflows (platforms vary by project and policy).

TOOLS

Figma; Adobe Creative Cloud (Photoshop, Illustrator, InDesign, After Effects). On-location filming and photography; drone piloting (experienced).
